2019

**PLEASE CONSIDER MAKING A DONATION TO  
PETS OF THE HOMELESS'  
EMERGENCY VETERINARY CARE PROGRAM  
ON BONUS DAY!**

This year, during 2019, Pets of the Homeless is averaging 21 emergency veterinary cases per week. We need your help and tomorrow is an opportunity to increase your donation. Please take a moment to read below.

You can help provide emergency veterinary care for a pet whose owner is experiencing homelessness. As of June 30, 2019, we have granted \$149,384.26 directly to veterinarians to aid in providing emergency veterinary care. This has helped with 531 visits for a pet whose owner would otherwise not be able to prevent his or her pet from suffering. The average assistance provided per visit was \$281.33.

We are reaching out to our supporters to let you in on a special opportunity. Tomorrow, our partner, GlobalGiving will be matching donations of \$100 or more. GlobalGiving announced an increase in funds availability! There will be \$250,000 in matching funds during the campaign!

Donations will be matched based on amount:

- Donations \$100 - \$499 USD will be matched at 15%
- Donations of \$500 - \$749 USD will be matched at 30%
- Donations of \$750 - \$1,000 USD will be matched at 50%
- Donations under \$100 USD will not be matched
- Donations above \$1,000 USD will receive \$500 matching while funds remain

The higher the amount, the higher the match while funds last!

In the spirit of this matching campaign, we're making big, bold asks of our supporters - and that's you! Can we count on you to support our work with a one-time gift of \$100 or more on Thursday, July 18th?

We truly appreciate your support. Without you we would not be able to fund the much needed emergency veterinary costs to prevent pets from suffering. My personal hope for the future is to help more pets as long as there are individuals like you supporting our work.

In solidarity,

Genevieve Frederick, Founder
